

This book takes you on a journey.
From the idyllic Blue Ridge Mountains of Virginia, once the cradle of Country and Western music.
To the surreal red light district of Tijuana, the Mexican border town where anything goes.
Exploring the musical heritage of Chicago, Kentucky, Memphis, Muscle Shoals, Nashville, Mississippi,
New Orleans, Louisiana and Austin along the way.
On the road the photographer meets the artists. Back home the artists hit the road with him.

American Blues
