IF THIS IS THE END

If this is the end where do we go from here
If this is the end shouldn't we take some time to resolve this here?
If time won't allow us to love and live
Between the both of us, nothing's here

Why won't you smile my baby
I'll sing you a song
With lyrics only you can hear
Fight away your fears
Strong and aching like a fire
Blue melodies
Humming along for sweet release

If this is the end where do we go from here
If this is the end shouldn't we take some time to resolve this here
If time won't allow us to love and live
Between the both of us, nothing's here

You're hungry but I'm starving
Reaching out for you
Got no heart so you can't break me
Doesn't mean I'll be cruel
Sleepless night filled with bad dreams
Let me see the truth
Humming along

Under the pale blue moon

If this is the end where do we go from here

If this is the end shouldn't we take some time to resolve this here

If time won't allow us to love and live

Between the both of us, nothing's here

If I can be honest

I cry for you in silver tears

If I can be honest

I'd give all my golden years

Let us be honest

I drag you down, kill all your lights

So goodnight, goodbye

If this is the end where do we go from here

If this is the end shouldn't we take some time to resolve this here

If time won't allow us to love and live

Between the both of us, nothing's here

-Lalalalalala-

PARADISE

Everything is stone
I remember how I used to flow
Ashes on my lips makes me wonder how I used to glow
I don't wanna die so I smoke until I die
It keeps me paralyzed
Perfectly painless paralyzed

Don't hold me by the hand
My love is raw like the sand
Wasting a hundred years looking for the promised land
I have to win from my soul under my skin
I have to know I have to know how the saints sin

Keep me in the rain
I don't wanna be saved
Keep me in the rain
It eases my brain
I am looking for some kind of paradise
Waiting for the knife
Searching for a sunrise
In a world without a sealine

What kind of paradise am I looking for?
What kind of paradise
What kind of paradise am I looking for?

Death was paradise
in the winter of my life
Crazy desires going on & on in the back of my mind
I don't wanna cry so I drink until I die
It keeps me paralyzed
Perfectly painless paralyzed

Keep me in the rain
I don't wanna be saved
Keep me in the rain
It eases my brain
I am looking for some kind of paradise
Waiting for the knife
Searching for a sunrise
In a world without a sealine

What kind of paradise am I looking for?
What kind of paradise
What kind of paradise am I looking for?

SATURDAY

I met you on a Saturday
Kissed you on a Thursday
You caught me with your eyes with your words
With your endless thirst
You got me burning like a fire
Spinning around & around
Even though I am not allowed

I met you on a Saturday
Kissed you on a Thursday
You caught me with your eyes with your words
With your endless thirst
You got me burning like a fire
Spinning around & around
Even though I am not allowed

We danced all night
And we drank and we talked
Your whiskey breath made me insane

I met you on a Saturday
Cursed you a Thursday
I was stuck in my own slack reality
But you pulled me out you dusted me off
Yeah you kissed my lips hard
You said you liked it rough

We danced all night
And we drank and we talked
Your whiskey breath made me insane
And we, we sang all night
And we screamed and made love
You crawled under my skin into my veins

Better sorry than safe

Better sorry than safe

You crawled under my skin into my veins

You crawled under my skin into my veins

You crawled under my skin into my veins

You crawled under my skin into my veins

You crawled under my skin into my veins

You crawled under my skin into my veins

You crawled under my skin into my veins

You crawled under my skin into my veins

You crawled under my skin into my veins

You crawled under my skin into my veins

You crawled under my skin into my veins

On a Saturday

DANGEROUS

They like her dangerous
They like her high
Didn't mean to hurt you but you're pretty when you cry
They like her fire
Her dirty flames
Little liar, they all wanna claim

Her dreams smell like feet and
Taste like sand
She kept them secretly in a box behind her ribs

They like her breathing unnaturally
Didn't mean to lose you but you're pretty when you sleep
They like her fire her dirty flames
Little liar, they all wanna claim

Her dreams smell like feet and
Taste like sand
She kept them secretly in a box behind her ribs

It is no surprise she got stars in her eyes
She got hair of gold and her soul is sold
-dangerous girl, dangerous girl-
Every night she forgets the time and regrets
The things that she is living for
-dangerous girl, dangerous girl-
Every drop of her blood is all they wanna see
With a smile on her face in a dangerous scene
-dangerous scene, dangerous scene-
She likes alcohol like art on empty walls
It comforts her and make the world go small
-dangerous girl, dangerous girl-

Her dreams smell like feet and

Taste like sand

She kept them secretly in a box behind her ribs

Her dreams smell like feet and

Taste like sand

She kept them secretly in a box behind her ribs

I'M FINE

I'm fine

I try to convince myself that I don't mind anymore

I'm fine

I try to convince everyone that I don't care anymore

I don't want to be

I don't want to be free

Like you Like me

And I lost my ways

And I gave away myself

Like you like me

My clothes still smell like you

I don't ever wanna wear them anymore

In the softest way

You broke me down

Softer than sadness

I don't want to be

I don't want to be free

Like you Like me

And I lost my ways

And I gave away myself

Like you like me

I believe in my own lies

I believe in my own lies

My lies

I believe

I believe in my own lies

I believe in my own lies

Lies

-I'd rather be blind-

I don't want to be
I don't want to be free
Like you Like me
And I lost my ways
And I gave away myself
Like you like me
