Disappearance of MRS Pear, and me myself and I, it was a race against the clock in all aspects, and I got locked up in all kinda situations, making me scream and shout, but then nobody helps you out, while when U smile it might take a while, donc, les pluspart des gens sont tout tendre,so it's such a sweet fact-o-fiction to be proud of, and, however of course the real editing has to be done yet, polishing shaving cutting, at sea tara but that can be done at home too, of course, it will be a great satisfaction, even.

After this very very intense Slow Train From Spain Race, racw indeed for slowytains don;t exist anymore, just another illusion of which wherever it is hard to land, with all those far out fast fat road, like stranding in Cerberus, no, not a very pleasant destiny, no; however Cerberus passed my mind as a place to

facts on the which was many times be avoided

and the next thing is that U end up there anyhow, coz called Cercerus, very weird and how true, because to be honoust it was quite a struggle to get in & out, weird, well, the whole trip it has costed me a fortune, so probably I will be completely broke, in fact that will be the next step to consider...in spin de hemel in, uit spuit de hemel uit....

However dizzy of this helterskelter all the way, if I may say so: well, darlings, things have to be crystallizing out & in for a week or so at least, before that time only lumps and hums; for fear first elimination I have to make a pan plan the CamPlagne for mean.,,,: it keeps there yet, the skull sky skoop such be utterly Nine. My darling there from that nightmare.Take Air, Take Care!!! In the mean time...: See U at nr. 9,

liquid means if U understand what I on being an adventure,we're not ter hall their lullabybye hellow high,nevertheless things like that will observed in WritersBlog Number tarlentine, it's only fair to wake U

9...NUMBER 9...!
